

GENERAL PLAN CITY MEETING – THURSDAY, FEBRUARY 25TH AT 3PM

The City of Thousand Oaks has reached out to ask for the HOA's involvement in the City's General Plan Update process. The City is currently in the process of updating the General Plan, which is the guiding document for the City's future growth and policy development. They are currently in a phase called Land Use Alternatives, which presents a selection of maps depicting a variety of opportunities for the City's future. These maps include alternatives for future residential, commercial, and green space in the City.

The City would appreciate the opportunity to share more information with Village Homes on how to get involved in providing feedback and learning more about the process. Attached is a flyer with information about their online survey. The City will also have upcoming Virtual Office Hours this month where staff will be available via Zoom or by phone to answer questions and help with the materials. Public participation is the heartbeat of this document and they want to hear from our community!

A meeting has been scheduled with the City and Village Homes Property Owners Association for next Thursday, February 25th, at 3pm. You can join the virtual meeting via Zoom:
